DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The Information Disclosure Statement references filed 1-24-06 were considered at the time of allowance (3/27/07) and the initialed/signed/dated Form PTO/SB/08a is being sent herewith. The WO reference (WO 97/00693, '97) is Applicant Walsh's own work, published after Applicant's earliest effective filing date ('96). The other reference (US 5,039,660) does not reasonably teach/suggest a combination of a GnRH, lecithin, and stearin composition w/ specific ranges thereof, or motivation to arrive at the same. Nor does the prior art of record generally as to present claims 20-30, based on an updated search of the art.

Conclusion

Claims 20-30 were and remain allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Maury Audet whose telephone number is 571-272-0960. The examiner can normally be reached on M-Th. 7AM-5:30PM (10 Hrs.). If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cecilia Tsang can be reached on 571-272-0562. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
